

getting started with your BlackBerry® 9105

Activation

first use

When you first switch on your new phone you'll be prompted to set a number of options to configure your BlackBerry®.

1. Click **OK** to confirm you are happy with the BlackBerry® terms.
2. Click **Continue**
3. Click **Connect** to connect your phone to the mobile network. Once connected click **Next**
4. Set the time zone and format options, then click **Next**

You can now either work through a number of typing and navigation tutorials or exit by clicking Close. You can return to the Setup Wizard at any time by following the instructions below: -

1. Press the **Menu** key 
2. Click on **Setup** icon 
3. Click **Setup Wizard** 
4. Now select the Setup Wizard you wish to view

how do I set up personal email using BlackBerry® Internet Service (BIS)?

using a BlackBerry® for the first time

As a new user you need to create a new BlackBerry® Internet Service account. Follow the instructions below.

1. Press the **Menu** key 
2. Click on **Setup** icon 
3. Then the **email settings** icon 
4. The phone will now connect to the email setup wizard. Check you are happy with the terms and conditions and then click **yes**, then 'I agree'
5. Enter the email address and password for the account you wish to add and then click '**Next**'
6. You will now be able to view, edit or delete your account. If you want to add new email accounts click on '**Add Email Account**'. Click **finish** to end.

adding contacts from your old SIM card

On entering contacts for the first time you'll be prompted to import any contacts from your sim card. It is possible to import contacts again at a later date by following the instructions below.

1. Press the **Menu** key 
2. Click **Setup Wizard** 
3. Click **Import Sim Card Contacts**.
4. Click **Yes**

Note: If you try to copy a SIM card contact with a phone number that matches the phone number of a contact that already appears in your contact list, your BlackBerry® device does not copy the SIM card contact.

transferring from another device

1. Press the **Menu** key 
2. Click on **Setup** icon 
3. Then the **email settings** icon 
4. Click '**I want to create or add an email address**' then click **Next** and **Next** on the following screen
5. The phone will now connect to the **email setup wizard**.
6. Enter your existing BlackBerry® Internet Service username and password at the bottom of the screen. You won't need to do this if you've been logged in automatically.
7. Select move **Email Accounts**
8. Next validate your account by entering your email password and clicking **Validate**
9. You will now see a message confirming the account has been successfully moved. Click **OK** to finish.
10. You'll then be prompted to amend, delete this account or add a new email account.

adding an additional email account

Once you have added your first personal email account you can add up to 9 additional email accounts.

1. Press the **Menu** key 
2. Click on **Setup** icon 
3. Then click the **setup wizard** 
4. Select **Email Setup**
5. Select '**I want to create or add an email address**', click **Next**
6. Click **Next** on the next screen
7. The phone will now connect to the email setup wizard
8. Enter the email address and password for the account you wish to add and then click '**Next**'
9. You should now receive a message to confirm you have been successful.
10. Click **Finish** or **Add Another Account** to finish.

getting started with BlackBerry® Messenger

Here are a few of the basic functions of BlackBerry® Messenger:

getting started – first use

1. To access BlackBerry Messenger press the **Menu** Key 
2. Click the **instant messenger** folder 
3. Click the **messenger** icon 
4. Click to accept the terms and conditions.
5. Enter a display name, this is the name that will be shown to people you are messaging.
6. You now need to create a contact entry that represents you. Click **New Contact**
7. Enter your personal details, as required then press the **Menu** Key , and click **Save**
8. You are now ready to add a contact

how do I setup Wi-Fi?

To setup WiFi you will need to be in range of the WiFi network you wish to connect to. You may also need any network password and to have set the network to allow new connections. The instructions below are for connecting to a typical WPA secured home network, for other security methods the steps may differ slightly

1. Click on **Menu** key 
2. Click on **Setup** icon 
3. Click on the **Setup WiFi** icon 
4. Click **Next** if you have a Welcome to WiFi setup message on screen
5. Click **Scan for Networks**, (you maybe prompted to switch on WiFi) your phone will now check for available networks
6. Click on the network you wish to join
7. Enter the pre-shared key (security key) for the network you are joining, if this is your home WiFi network you need to use the security key for your router. For a typical home network this is a 26 digit password made up of numbers and letters.
8. At the '**Save this Wi-Fi Network as a Profile anyway?**' field, ensure **Yes** is selected
9. Click Next
10. Click Finish

how to add a contact

You must invite contacts in order to use BlackBerry® Messenger

1. In BlackBerry Messenger, on the Contact list screen, press the **Menu** key .
2. Click **Invite Contact**.
3. Enter the PIN of the contact's BlackBerry you wish to add, make sure you select PIN once entered. You can also send an invite via email if you have the contact's email address, but you need to have already setup an email account on your phone to do this.
4. The contact will now appear in your pending list until approved on the other BlackBerry.
5. Once authorized you will be able to send messages to the new contact.

how to start a conversation

1. In BlackBerry® Messenger, on the Contact list screen, highlight a contact.
2. Press the **Menu Key** .
3. Click **Start Conversation**.
4. Type a message.
5. Press the **Enter** key.

how to end a conversation

1. In BlackBerry® Messenger, during a conversation, press the **Menu Key** .
2. Click **End Conversation**.

how do I set up Bluetooth?

turn on Bluetooth

1. Press the **Menu Key** . Click on **Setup** icon .
2. Click **Manage Connections**.
3. Select the **Bluetooth** check box.

pair with a Bluetooth enabled device

You must pair your BlackBerry® device with a Bluetooth enabled device before you can connect to it. For more information about preparing the Bluetooth enabled device for pairing, see the documentation that came with the Bluetooth enabled device.

1. Press the **Menu Key** . Click on **Setup** icon .
2. Click **Set Up Bluetooth** .
3. Change your device name if needed
4. Click **Search**.
5. Click a Bluetooth enabled device.
6. If necessary, perform one of the following actions:

If the Bluetooth enabled device does not have a keyboard (for example, a headset), on your BlackBerry® device, type the pairing passkey that is provided in the documentation that came with the Bluetooth enabled device.

If the Bluetooth enabled device has a keyboard (for example, a laptop), type a pairing passkey of your own choosing on both devices.

more information

This guide has been created to help you get started quickly with your new Blackberry phone. More detailed information including an interactive simulator which demonstrates key features on the handsets with step by step instructions can be found at: -
